HOW WE STACK UP

SAMPLE RACK PROFILES

BOLT OFFERS AN INCREASE IN CUBIC CAPACITY

Using Unit 104 as an example, racked storage capacity as drawn would be 600 pallet positions in a typical 28' clear space utilizing the sample rack profile linked below. However, with Bolt's 36' clear height, the number of pallet positions is increased to 753 — a 25.5% increase in storage capacity.

LOCATION

BOLT by Beedie is strategically located in Bolton at the intersection of Coleraine Drive and Healey Road. Just north of Highway 427, the location offers connection to the GTA and beyond via major 400 series highways. Superior access to international airports, railways, and US borders make BOLT the ideal hub for both local and international businesses.

KNOW THE MARKET

The Greater Toronto Area ("GTA") stands out as one of the most sought-after industrial markets across North America for investors, owner-occupiers, and tenants alike. Bolstered by a diverse economy, a highly skilled workforce, and continued population growth, the GTA has several factors contributing to its overall strength and stability for businesses.
