AMENITIES

Markham's bustling community atmosphere is attractive to new and established businesses and their employees. Known for its embrace of old-town nostalgia and nicknamed "The High-Tech Capital," visitors are drawn to Markham's energy and atmosphere. Markham is home to companies like IBM, Huawei, AMD, Tesla, Honda and many more, setting the pace for innovation, creative solutions, and ongoing growth. The city's slogan "The Mark of Excellence" reflects the city's commitment to fostering a healthy, vibrant, and inclusive community, where businesses can grow with confidence.

MARKHAM INDUSTRIAL MARKET OVERVIEW

With this property and location ideally positioned for growth, you won't want to miss out on the opportunity to own industrial real estate. Much like the rest of the GTA, limited availability is causing upward pressure on rental rates and increasing industrial values; however, Markham's industrial sector is supported by strong market fundamentals and continues to be in high demand. Citi Block is located on one of the few remaining parcels of land within Markham's prime industrial park. New construction of similar properties will be limited, which protects your investment and delivers appreciation. As the cost to lease continues to rise, be your own landlord and reduce disruptions to your operations while managing operating costs and building equity.

Customize your space and grow your business with confidence knowing that you control your real estate strategy.

ABOUT BEEDIE

Since 1954, Beedie has combined innovation and craftsmanship to bring new possibilities to life. Today, they are one of Canada's largest industrial and residential developers, having completed more than 35 million square feet of new development. Beedie's integrated structure allows them to implement the highest construction and design standards, and their legacy of relationship-building enables the company to deliver projects that drive commercial value. As Beedie grows its operations across North America, they have industrial building opportunities available in British Columbia, Alberta, Ontario, and Las Vegas, Nevada.
